HISTORY OF OUR CLUB

Vermont Green Football Club made its debut in USL League Two in 2022 and has quickly become one of the most talked-about teams in the American soccer landscape. Based in Burlington, Vermont, the team plays its home matches at Virtue Field on the University of Vermont campus, where capacity crowds regularly create one of the most exciting and inclusive atmospheres in the league. With season tickets consistently selling out and matchday attendance surging, Vermont Green has built a vibrant soccer culture that's taken root far beyond the pitch.

From the start, Vermont Green set out to be different. The club was founded with a mission rooted in environmental justice, with the bold aim of becoming a net-zero soccer organization. As a proud member of One Percent for the Planet, the club donates 1% of its annual revenue to vetted environmental causes. It also integrates sustainability into its operations, from team kits made from 100% recycled materials to ongoing efforts to reduce the club's environmental impact. This unique values-driven model has garnered widespread attention, earning coverage in *The Guardian*, *BBC Sport*, *The New York Times*, and the *Men in Blazers* podcast, among others.

Vermont Green made an immediate impression in its inaugural 2022 season. The club's first-ever match, a 4-0 win over Boston City FC, set the tone, and their first home game—attended by 1,001 fans—marked the beginning of something special in Burlington. Later that summer, the team clinched its first playoff berth in front of a sold-out crowd of 2,500 and advanced to the conference semifinals in its first year of existence.

Momentum continued in 2023. The club sold out all available season tickets, 1,250 in total, and five of seven home league matches were full houses. While Vermont Green narrowly missed the playoffs that season, they remained a competitive force on the field and a standout off of it. The club was named USL League Two's 2023 Organization of the Year, recognized from among 122 teams across the U.S. and Canada for its excellence on and off the pitch.

That same year, Vermont Green qualified for the U.S. Open Cup for the first time in club history. They defeated USL League One's Lexington SC 4-3 in a thrilling opening-round match before falling to MLS Next Pro side Carolina Core FC in front of another sold-out home crowd.

In 2024, the club launched a new tradition: the Maple Cup, an annual matchup between Vermont Green and the reigning champion of Canada's Ligue1 Québec. In June, the club also hosted its first-ever women's exhibition match against FC Laval, coached by former U.S. Women's National Team star Samewis. The match ended in a thrilling penalty shootout win after a 1-1 draw and was part of the club's broader commitment to uplifting women's sports and gauging regional demand for a permanent women's side. In 2025, the club built on this initiative by hosting two additional women's exhibition matches, both of which sold out, further demonstrating the appetite for high-level women's soccer in Vermont.

The 2025 season has marked a historic high point. Vermont Green went undefeated in the regular season and clinched the Northeast Division title in dramatic fashion, scoring twice in stoppage time to beat longtime rival Western Mass Pioneers on the road. It was a signature moment for a club that has continued to raise the bar for what's possible in USL League Two—on the field, in the community, and across the soccer world.

Off the field, Vermont Green remains deeply committed to the local community. The club actively partners with Vermont-based businesses, nonprofits, and sponsors to strengthen the state's local economy and create long-lasting, values-aligned relationships. From youth soccer programming and volunteer coaching to matchday sustainability activations and consistent outreach, Vermont Green continues to prove that a soccer club can be a platform for connection, impact, and purpose.

Four seasons in, Vermont Green Football Club is more than just a team. It's a movement built by the community, sustained by its values, and driven by the belief that sport, sustainability, and justice can work hand in hand to create lasting change.

THE GREEN MOUNTAIN BHOYS

Formed during Vermont Green FC's inaugural season in 2022, the Green Mountain Bhoys are the club's supporters group. Their name nods to both Vermont's proud heritage and another legendary green team, the Boston Celtics. Since day one, they've brought energy, color, and a deep sense of community to every matchday.

The Green Mountain Bhoys are an all-inclusive crew who welcome anyone who shares their love of football, friendship, tailgating, and, occasionally, a bit of light pyrotechnics. For a rowdier, more European-style match experience, you can find them at the far left end of the bleachers on Virtue Field. You'll know you've found them when you see flags waving and hear drums pounding. Whether you're new to the chants or ready to lead one yourself, the Green Mountain Bhoys will greet you with open arms and help you bring the noise for our players in Green.

ENVIORNMENTAL JUSTICE MISSION

The Club is prioritizing five goals in pursuit of our environmental justice mission. More details on these goals can be found on our website, www.vermontgreenfc.com/mission.

Net Zero

We will become a net zero club following Science Based Targets (SBTi) initiative standard. Net zero targets will follow climate science-based requirements and environmental justice principles.

Fight Systemic Racism

We will stand up to systemic racism in soccer and beyond. We are working with the Anti Racist Soccer Club on a 10 point plan to advance anti-racist actions and behaviors at the club and in the community.

Giving

As 1% for the Planet members, we have committed to donating 1% of our annual net sales to non-profits working on behalf of the environment.

Purpose-driven Merchandise

We source merchandise that satisfies the highest standards of environmental stewardship and social responsibility. We are also building a program that will allow our supporters to participate in the circular economy.

Educate and Advocate

It all starts here. We are using our platform to raise awareness of and advocate for ways we can collectively transform our society through the lens of environmental justice.

WHAT CAN YOU DO TO SUPPORT ENVIORNMENTAL JUSTICE?

Be part of the mission on matchday—travel sustainably, bring a reusable water bottle, and sort your waste into the proper bins. Choose merch made with purpose and donate old clothes or gear at designated drop-offs. Even small actions at Virtue Field can make a big impact.

LAND ACKNOWLEDGEMENT

Vermont Green FC acknowledges that our playing ground sits on land that is a site of meeting and exchange for Indigenous peoples since time immemorial.

Ongoing generations of Indigenous peoples, namely the Western Abenaki [A-ben-A-kee], have stewarded this land.

The Western Abenaki are the caretakers of this land which they call Ndakinna [in-DAH-kee-NAH], or "homeland."

We recognize the trauma that violence and forced displacement by the hands of colonizing peoples has caused these communities.

We are guests on this land and will respect and uplift Indigenous histories, cultures and peoples.

We give thanks for the opportunity to share the joys of this beautiful land and in turn are committed to protecting it.
